

A call for PhD and PostDoc Student Positions in Mycoplasma Pathogenesis Research

The Koret School of Veterinary Medicine, The Robert H. Smith Faculty of Agriculture, Food and Environment at the Hebrew University of Jerusalem invites applications for the PhD and Postdoc Student Positions. The research will be focused on identification and characterization of virulence mechanisms of mammary pathogenic *Mycoplasma bovis*.

Applicants should have either BSc/MSc in Life Sciences or a degree in Veterinary Medicine. Previous experience in molecular biology, microbiology, immunology, veterinary medicine or a related discipline will be of advantage.

The project is supported by US-ISRAEL BINATIONAL AGRICULTURAL RESEARCH AND DEVELOPMENT FUND (BARD) <http://www.bard-isus.com/>
